

# BIO-CIRCLE

## CASE STUDY SNAPSHOT

**INDUSTRY:** Bus

**CLEANING APPLICATION:** The maintenance & cleaning of bus & tram engines

**EXISTING CLEANING PROCESS:** Old solvent-based parts washer

**THE PROBLEM WITH THIS:** Exposure to solvents, short service life of cleaners, unpleasant odours, indoor air pollution

**BIO-CIRCLE CLEANING PROCESS:** **HP Vigo** & **BIO-CIRCLE GT Compact** washers, both with **Liquid EVO**

**THE RESULT:** More efficient and pleasant cleaning for the maintenance of bus engines. Decreased health risk to mechanics, reduced waste chain.

VOC free
